Catalog Card Number 72-605329
ISSN 0082-1519
Key title: Talking books adult

Contents

This catalog lists disc books produced by NLS for adult readers during 1984–1985. Books are listed alphabetically within subject categories under nonfiction and fiction headings. Some books may appear in more than one subject category. For instance, a biography of a historical figure may appear in "biography" and again in the appropriate category of "history."

For the information of the reader, a notice may appear immediately following the book description to indicate occurrences of strong language, explicit descriptions of sex, or violence. The word "some" before any of these terms indicates an occasional or infrequent occurrence, as in "some strong language."

Separate title and author indexes and forms for ordering books are provided at the back of the catalog.

About the Free Reading Program

The National Library Service for the Blind and Physically Handicapped (NLS) loans books and magazines to individuals who have problems reading because of a visual or physical limitation, temporary or permanent.

Books, playback equipment, headphones, and other aids are delivered by mail. Book descriptions, bibliographies, and catalogs such as this one are also mailed regularly to inform readers of materials available.

No postage is required to borrow or return books, equipment, and other materials, and all materials are free.

Thousands of books on discs, cassettes, and in braille are available through a network of cooperating libraries. Fiction and nonfiction selections include classics, romances, science fiction, biographies, bestsellers, gothic novels, how-to books, and many more. Popular magazines on discs and in braille are mailed to subscribers directly from producers. Music services are provided directly from NLS.

Eligibility for the program is determined by the inability to see well enough to read a conventional print book or to hold a book and turn pages. Individuals wishing service need a brief statement describing their disability from a competent authority such as a medical doctor, nurse, optometrist, ophthalmologist, staff member of a health care institution, or a librarian.

For specific eligibility requirements and more information, write to the National Library Service for the Blind and Physically Handicapped, Library of Congress, Washington, DC 20542.
